

## Parallel conductor RLPP

2 x 0.7 mm  
Indoor  
"Figure eight"

### Application

PVC-insulated Bell-wire for indoor use. Solid conductors in parallel covered with a common sheath, figure eight construction.

### Construction

Rev.1.

Number of conductors	Conductor dimension (mm)	Cable diameter (mm)	Weight (kg/km)
2	0.70 KG	1.6x4.5 PVC	13

### Cable properties

<b>Bending</b>		<b>Temperature window</b>	
Minimum bending radius	5 x D	Operation	-30°C to +80°C
<b>Tensile load</b>		Installation	0°C to +80°C
Maximum tensile load, installation	50 N	Storage	-30°C to +80°C
Maximum tensile load, operation	50 N		

### Electrical data at 20°C

<b>DC-Resistance</b>		<b>Rated voltage, max.</b>	
Loop	92.3 ohm/km	AC	100 V

### Ordering information

Cable code	Variant	Colour RAL No.	Delivery length	Art. No.	El. No.
RLPP 2x0.70mm	PVC	White 9010	S200 m	711001	1092501
